

SUITABLE FOR ALL MAGNET DRILLING-, PILLAR DRILLING-, AND MILLING MACHINES (NOT SUITABLE FOR MACHINES WITH AUTOMATIC FEED)

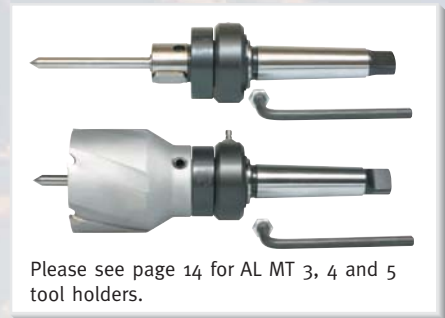

Cutting depth 2"/3"/4"

- Strong construction for industrial applications with keyway and fitting spring
- Ground section: Pre-, middle- and post cutter.
- Necessary: Tool Holder with internal cooling
AL 3/MT 3 Prod.- No. 20230 • AL 4/MT 4 Prod.- No. 20240 • AL 5/MT 5 Prod.- No. 20250
- Extended series of tests have shown that this special construction with keyway and fitting spring proves well in comparison with the standard Weldon-shank 1-1/4". Optimal absorption of high torsion. Shorter and thus steadier tool construction.

shorter and thus steadier tool construction.
